

QUICKLY FITTED:

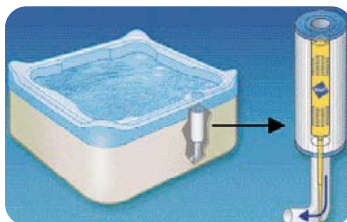

- Cartridge easy to insert in the spa's filter.
- Nature 2 spa needs no electricity and no setting.

USEFUL ADVICE:

- Warning! Nature 2 Spa is not compatible with:
- Bromine and its derivatives
- Chlorine-free PHMB disinfectants (or biguanides):
Bacquacil®, Revacil®, Oxyline®.
- Other products containing copper.
- ALKORPLUS anti-stain.

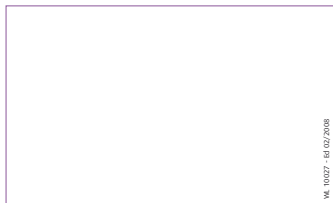

If these products are used, it is essential to drain the spa completely and then refill it.

The Nature 2 Spa cartridge is suitable for all types of spas

Autonomy
Clarification and
purification lasting
four months.

**Environment-
friend**
Fewer chemicals,
softer water.

**Maximum
compatibility**
A treatment
for all spas.

How does Nature 2 Spa work ?

The Nature 2 Spa cartridge is suitable for all types of spas and is used with most standard treatment products such as ozone, salt chlorination, UV, active oxygen, chlorine.

- Nature 2 Spa derives from Nature 2 technology. Thanks to the action of its minerals, Nature 2 Spa is the most effective way of ensuring the water is always clear and pure.
- When the Nature 2 cartridge goes to work, disinfectant mineral particles combine with the oxidant (ozone, potassium monopersulfate or chlorine) to increase its disinfectant action.
- The quantity of oxidant required for disinfection is reduced by about half under normal conditions of use.
